PREFACE

NIT Warangal being one of the premier educational institutions of the country rightly boasts about having an eminent talent pool across engineering, sciences and management programs. Centre for Career Planning and Development (CCPD) is the access point that connects talent from the college with our partner companies enabling both the parties to achieve their aspirations in the best way possible.

Firms from different sectors and geographies participated in the recruitment process at NIT Warangal for the academic year 2022-2023 offering a whole wide variety of placement as well as intern opportunities across roles like software development, core engineering, analytics and so on to our students.

AY 2022-23 witnessed the best placement season in the history of NIT Warangal crossing more than 1400 FTE offers across all the programs. The highest package grabbed this year is 88 LPA. The campus witnessed a return of the majority of our past partner companies along with several new entries visiting us for the first time.

Like every year, team CCPD assisted the students and companies to participate in the campus drive leading to a smooth and transparent hiring process. Over the years CCPD's contribution at NITW is a testament to the companies' unbroken faith in achieving common goals.

Even in times of recession and uncertainty, NIT Warangal saw a massive bump in hiring frequency in AY 2022-23. Students have shown resilience and determination that have led to receiving exceptional offers in the domains of their choice. This report aims to be a testament to the placements at NIT Warangal for the academic year 2022-23.

INTRODUCTION

National Institute of Technology, Warangal (NITW) formerly known as Regional Engineering College (REC) is a deemed university located in Warangal, India. It was established in 1959 and inaugurated by the first Prime Minister of India Pt. Jawaharlal Nehru. It became the first REC to get converted into the National Institute of Technology(NIT) among the chain of 31 current NITs in the country. NITW has been consistently ranked among the top 5 NITs and currently holds a NIRF ranking of 21 among all Indian Engineering universities maintaining the legacy of being in the top 20 engineering campuses in India.

NITW holds a distinguished reputation with 13 academic departments, advanced research centers in various fields of engineering, pure sciences, and management, a plethora of laboratories, exceptional faculty, brilliant students, supportive technical staff, and an efficient administration. The institute offers a wide array of undergraduate and postgraduate programs in engineering, sciences, and management, along with research programs in engineering, sciences, humanities, physical education, and management. Among its notable assets is the Centre for Career Planning and Development (CCPD), which serves as a valuable resource for students and a dependable ally for leading companies seeking to recruit the best talent from the institute.

NITW, known for its consistent ranking among the top NITs in India, boasts a sprawling self-contained residential campus spread over 248 acres. The campus is home to over 8000 students and nearly 600 Ph.D. scholars. It comprises 16 residential blocks, including separate hostels for boys, girls, and foreign students, along with five messes for boys, one for girls, and a mega mess. The campus is equipped with state-of-the-art infrastructure, including a central library, auditorium, student activity center, mega computer center, indoor games complex, a large stadium, seminar halls, and a well-equipped dispensary.

ABOUT CCPD

One of the leading strengths of NITW is the Centre for Career Planning and Development (CCPD), earlier known as Training and Placement Section, which plays an important role in shaping the future of the students by providing them with the best career opportunities. The CCPD at NITW is a dedicated team of students and faculty coordinators who work tirelessly in coordination with the academic sections, alumni and industry partners to create a seamless transition from academic learning to professional excellence so that every student is prepared for and given the finest job opportunities.

The Center for Career Planning and Development (CCPD) at our institution is committed to providing students with the necessary skills and knowledge to succeed in the competitive job market. Primary objectives of CCPD include being an intermediary between industry and students and getting opportunities for them, training students with domain-specific industry skills, running training programs to make students job-ready, and collaborating with academic departments to increase job awareness. By focusing on these objectives, CCPD aims to equip students with the necessary tools and knowledge to succeed in their careers, contribute positively to the workforce and thrive in the bustling job market. Through its association with outside organizations, CCPD also conducts industry internships, industrial visits and skill development programs.

Over the years, CCPD at NITW has proven itself as a boon to the students who are looking forward to joining the industry workforce after their graduation. Placements at NITW have seen tremendous rise in terms of both quality and quantity. Companies of all natures have consistently shown faith in the conduct and quality of graduates. A big chunk of this success comes from the alumni who have exceeded expectations in every sector as NITW graduates but also from the team at CCPD who works tirelessly to honor the commitment and relationship with the companies.

MESSAGE FROM THE DIRECTOR

Prof N.V. Ramana Rao

NIT Warangal rose to prominence as one of the most prestigious institutions in the country due to the various accomplishments it achieved both in research and academic fronts. Our goal is to develop into a world class institute that fosters an innovative and creative engineering community to meet the demands of our nation as well as the rest of the world.

The grandeur of any institution can be measured by the employability of its graduates. NIT Warangal is well-known in the country for its academic and placement performance. Our center for career planning and development (CCPD) cell works tirelessly around the clock focusing on two key objectives. Primarily to train and guide the students to realize their potential and prepare them for real-world employment as assets for both the community and industry. Secondly to maintain excellent relations with the corporate giants and providing them with the best in class employees and mutually benefiting each other.

I would like to congratulate the CCPD team on a successful placement session this year. The Class of 2023 had a fantastic year, as seen by not only the high rate of placement but also the surge in both the maximum and average salaries they were offered, as well as the wide range of new job profiles they were able to secure in the wake of the epidemic.

I also convey my sincere gratitude to our deserving alumni, who have made a name for themselves in every field in which they have worked. Their accomplishments reflect the discipline and culture we foster on our campus. I congratulate the students once again on their accomplishments and send them good wishes for their future endeavors. I wish and strongly believe that our student community will bring laurels to the institute.

MESSAGE FROM THE HEAD, CCPD

Prof. M J Davidson

Renowned for its academic excellence and innovative research, NIT Warangal stands tall as a beacon of knowledge and inspiration in the educational landscape of our country. Our Team at CCPD always strives to provide a kickstart for the career of our students as they graduate from college by equipping them with contemporary skills to excel in the present competitive world. Our diverse student community has spread into many job roles like software, core engineering, product analysts, management, research and more.

Academic year 2022-23 placement season has been very fruitful to our students as well as to our recruiters. We had a footfall of more than 270 companies offering FTE roles to close to 1400 students and internships to more than 430 students across a variety of sectors from all the programs.

I want to extend my heartfelt thanks to the respected Director, Deans, Registrar and all the esteemed departments for their unwavering support and cooperation throughout the placement season and becoming an integral part of this accomplishment. Over the years, the institute has maintained good and strong relationships with industries across the country and as a result, has built up an impressive placement record both in terms of percentage of registered students placed, as well as the number of companies visiting our campus.

I would also like to account this success to our placement associates and fellow faculty coordinators for their tireless and consistent efforts for the smooth conduction of the drives and their coordination with the student fraternity. We truly appreciate the faith bestowed on us from several organizations and we look forward to continuing our relationship with them.

EXECUTIVE SUMMARY

Total students placed in AY 2022-2023 reach 82%

B.Tech - 94% | M. Tech -71% | MBA - 73%
M. Sc - 62% | MCA - 96%

Recruitment Sector in Spotlight: Information Technology (IT)

IT sector showed dominance in hiring of fresher gradudates in AY 2022-23 by contributing close to 54% of total FTE offers from all the programs.

Upward Trend: Growing number of students recruited with one reputed company hiring more than 35 freshers

Consistent increase in the number of FTE hirings in AY 2022-23 is a testament to the quality of education and training imparted to the students, as well as the trust of employers on our graduates.

New Dawn: Substantial increase in participating companies generate abundant employment prospects

AY 2022-23 witnessed more than 250 companies from the private sector and more than 10 companies from the public sector participating in placements in varying roles of all the programs.

100% increase in PSU hirings compared to AY 2021-22

In the academic year 2022-23, NITW hosted over 10 PSUs for recruitment, showing a positive trend of increasing numbers. Notably, student recruitment increased by over 100% compared to previous years.

In-Demand Careers for freshers

Software Engineering, Data Analysis, Data Science, Data Engineering, Product Analysis, Product Engineer, Consultant, Management, Graduate Engineer Trainee(Core & IT), Postgraduate Engineer Trainee(Core & IT), Teaching, Business Development Executive and other miscellaneous.

EXECUTIVE SUMMARY

Domain-specific skills in demand

Recruiters have prioritized core skills and overall academic performance while evaluating candidates. Some key domain skills which are in high demand include Software Engineering(Data structures and Algorithms, Software Development, DBMS, OS, OOP and Testing), Analyst(SQL, Statistical programming, machine learning and statistical visualization) and Engineer trainee(Overall knowledge of the applied domain of core and IT).

Beyond Technical Expertise: Soft Skills tops among non-technical skills

Soft skills in graduate was observed as the most add-on skill sought by the companies. Skills like proper communication, expression and tackling situation based companies were among most prominent evaluation criteria by the recruiters.

Breaking records: Increase in Highest, Median and Average salaries offered

The highest salary reported in B.Tech. program in AY 2022-23 is 88 Lakhs, Average stands at 17 Lakhs and Median at 12.5 Lakhs. All higher than AY 2021-22 placements.

New Horizons: 40% newly visiting companies

AY 2022-23 saw massive increase in companies that preferred NITW for first time hiring. Close to 40% of the total companies have visited NITW for the first time.

RECRUITMENT PROCESS

STEP 01

Invites and CPNF forms are sent to companies

STEP 02

SPOCs are assigned to the companies

STEP 03

Placement drives are scheduled

STEP 04

Companies host Pre Placement Talks

STEP 05

Students appear for Tests and Interviews

STEP 06

Qualified candidates are selected and offer letters are rolled out

DATA ANALYST

JOB DESCRIPTION

A data analyst is responsible for collecting, analyzing, and interpreting large and complex data sets to uncover insights and trends that can inform business decisions. They work with data from a variety of sources, including databases, spreadsheets, and other structured and unstructured data sets. They use statistical and analytical techniques to identify patterns and relationships in the data, and communicate their findings to key stakeholders in a clear and concise manner.

Data analysts also create reports and visualizations to help businesses understand and interpret the data, and may collaborate with other teams to develop strategies based on their insights. A strong background in mathematics, statistics, and programming is often required for this role. Apollo and Mastercard are among top recruiters in AY 2022-23.

SOFTWARE DEVELOPER

JOB DESCRIPTION

A software engineer is responsible for the design, development, testing, and maintenance of software systems. They work with computer programming languages to create and improve applications for a variety of purposes, including business, entertainment, and communication.

Software engineers collaborate with other team members, such as project managers, designers, and quality assurance specialists, to ensure that software products meet the needs of users and clients. They also stay up-to-date on industry trends and new technologies to continuously improve their skills and knowledge. A software engineer may specialize in a particular area, such as web development, mobile app development, or software architecture. DE Shaw, Thoughspot and Microsoft have been some top hirers in AY 2022-23.

CONSULTANT

JOB DESCRIPTION

A consulting job involves providing professional advice and expertise to businesses and organizations to help them improve their performance. The consultant's primary responsibilities include analyzing data, conducting research, and presenting findings to clients. The consultant is also expected to design and implement strategies that align with the client's goals and provide ongoing support and guidance when necessary.

The role requires exceptional analytical and problem-solving skills, coupled with excellent communication and interpersonal skills. The consultant should have a comprehensive understanding of business processes and operations and should have experience working with diverse clients across various industries. Typically, a degree in business, management, or a related field is required, along with several years of experience in consulting or a related field. In recent years EY and Deloitte have been top recruiters in this sector from NIT Warangal.

PRODUCT ANALYST

JOB DESCRIPTION

A product analyst is a professional who assists a company's product development team in analyzing and enhancing its products or services. They conduct market research, create product requirements, analyze product performance, manage product backlog, and collaborate with cross-functional teams. They research market trends, customer needs, and competitor products to help develop new or improve existing products.

They monitor product performance, measure customer satisfaction, identify areas for improvement, and communicate plans and updates to stakeholders. They prioritize product features based on business value and customer needs and participate in product development processes. They play a crucial role in ensuring product success in the Indian market.

COURSES OFFERED BY CCPD

The job market is an ever-evolving space with the recruiters looking at different skill set requirements in potential candidates for different job roles. CCPD acts as the link connecting the students to the corporate world, we are responsible for making sure the students are industry ready and we have stepped up to the responsibility in the best way possible. Students volunteer in collaboration with CCPD to conduct lectures on wide variety of topics ranging from Core Skills in specific domains to soft skills and personality development aimed at keeping our students on par and up to date with the on-demand skills. Our student volunteers aim to start from scratch and then deep dive into the intricacies of the topic thus giving them a comprehensive expertise. The courses have been proved to be really fruitful in expanding the students' knowledge in the domains of their choice.

CCPD stands by its commitment to provide the students with lucrative career options in the domains of their choosing as well as provide our partner companies with an efficient and world-class workforce as we continue to stride forward in that direction with this skill development training initiative.

List of Courses offered by CCPD in AY 2022-23

- Data Structure and Algorithms
- Django Full Stack Development
- Full Stack Data Science
- Database Management Systems
- Basic Python and Machine Learning
- Full Stack Development in Python
- Full Stack Web Development

PROGRAMS BY CCPD

Resume-building workshop

The resume serves as a testament to a candidate's current skill set and academic achievements. In partnership with the Humanities department, CCPD organized a resume-building workshop specifically tailored for the students of the 2022-23 batch.

Communication skills-building workshop

In the academic year 2022-23, soft skills were recognized as a significant non-technical skill while evaluating candidates. To address this need, CCPD took the initiative and conducted multiple communication and speaking workshops for students enrolled in various programs.

Industrial Visit

CCPD works closely with all academic departments to ensure that students receive crucial exposure to emerging trends in industrial skills. This is accomplished through the sponsorship of annual industrial visits, which offer students valuable insights and practical knowledge in their domain industries.

Interaction with the Training and Placement Coordinator

In order to understand the recruitment process, CCPD facilitates interactive sessions with the Training and Placement associates. Student coordinators from every department share insights on the intricacies of the recruitment process and provide valuable guidance on interview preparation.

ABOUT THE DEPARTMENT

The Department of Electrical Engineering is one of the oldest departments of the NIT Warangal. Established as one of the major departments of the Institute, since its inception in 1959, the Department of Electrical Engineering has been actively engaged in teaching and research in diverse fields of Electrical Engineering. With excellent faculty, the Department of Electrical Engineering offers Under Graduate (B.Tech) and Post Graduate (M.Tech) in Power Electronics & Drives and Power Systems and research (Ph.D) programs. The department actively involves in various consultancy projects for private and government Industries including CPRI and DRDO. The success and the achievement of electrical engineering department can be gauged by the success and reputation enjoyed by its alumni. Students of Electrical Department enjoy placement offers from Core, IT, Business, Private and Public Sector Companies.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering was established in the year 1959. The department presently offers one Under Graduate Programme, i.e., B.Tech in Mechanical Engineering, seven M.Tech programs – one P.G Diploma in Additive Manufacturing and Ph.D. programs. The Department has good research facilities for both experimental as well as simulation-based research. The department has liaisons with reputed industries and R&D organizations such as NFTDC, DMRL, DRDL, ARCI, BHEL, CMTI, CPRI, etc. All the faculty of the department are actively engaged in R&D and Consultancy. The department produces a large number of publications and offers solutions to the industry regularly and is also active with regular outreach activities like workshops, conferences, and executive programs for industry personnel. The department has been recognized as QIP Centre for M.Tech and Ph. D. programs.

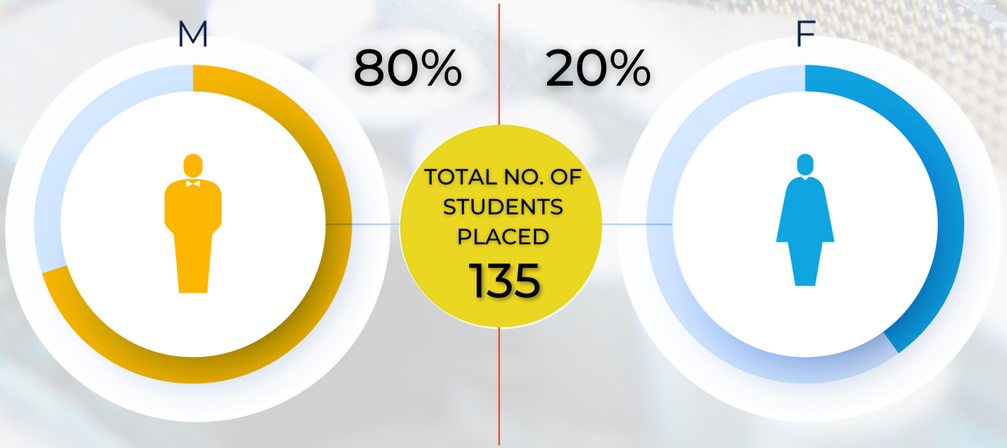
ECE

B.Tech.

OUR PLACEMENT ASSOCIATES

(Anurag, Ruchira, Amulya, Satvik)



ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering has been one of the critical departments of the institute since its inception in the year 1971. With excellent laboratory facilities and dedicated faculty, the department of ECE offers a broad range of programs that include undergraduate(B.Tech) and post-graduate (M.Tech) in Electronics Instrumentation, VLSI System Design, Communication Systems, and research (Ph.D.) programs. The graduating students are well-placed in leading academic institutes, research organizations, and industries.

ABOUT THE DEPARTMENT

The department of Chemical Engineering offers B.Tech., M.Tech. and Ph.D programs. The department was started in the year 1964 and since then it has come a long way in educating budding chemical engineers and scholars .Students are admitted to these programs based on National level competitive examinations. Foreign national students are also given admission to these programs. The department has well qualified faculty dedicated to teaching and doing research in fundamental and advanced areas. The department houses various laboratories catering to the needs of the curriculum. The faculty are actively engaged in industrial consultancy and sponsored research projects. The department has inked MoUs with some of the leading industries. The graduating students are absorbed into reputed firms through campus placements. The department aims at inculcating lifelong learning skills in the students. The alumni of the department are shouldering high positions in multifarious organizations.

CSE

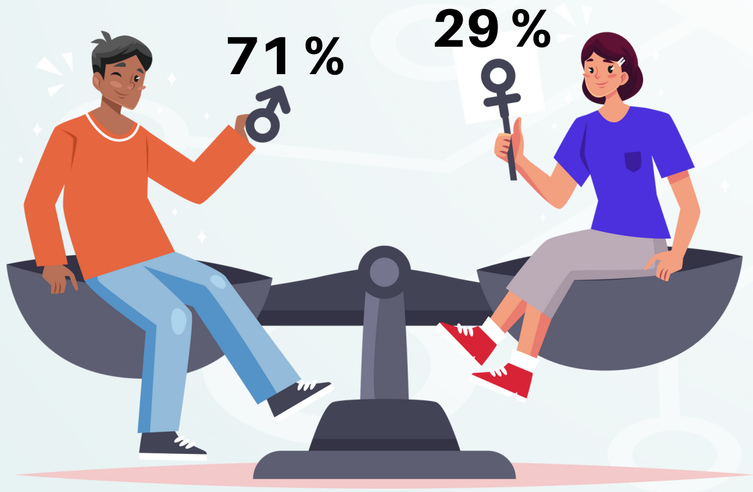
MCA

OUR PLACEMENT ASSOCIATE

(Amrit Pandey)



ABOUT THE COURSE

Master of Computer Application program is offered by the Computer Science and Engineering Department at NIT Warangal. MCA is the most seeked-for postgraduate course by graduates from BCA, BSc and other mathematical backgrounds. MCA is also deemed as a domain changing course because graduates from Non-IT engineering & science backgrounds can pursue MCA to transition career fields into IT. Students of MCA at NITW go through a similar evaluation pattern as B.Tech and M.Tech CSE programs. MCA program has a detailed curriculum pivoted towards core Computer Science making it equivalent to a 4 year Btech CSE program. MCA opens career prospects in the IT market as well as lays strong foundation for a career in research.

BIOTECH

B.Tech.

OUR PLACEMENT ASSOCIATES

(Tuhin, Veenavani, Sai Charan)

ABOUT THE DEPARTMENT

The Department of Biotechnology at the National Institute of Technology, Warangal was started in 2007. The magnificent journey of 15 years has always been striving to apply the knowledge of Biological Sciences to create novel technologies, that would vanquish the persistent Environmental, Industrial, Agricultural, and Health problems of the society. The Department offers B. Tech., M. Tech. and Ph.D. programs. The pupils, aided by the brilliant faculties, have been extensively exploring several genres of Life Sciences. The well rounded programs give the students, an opportunity to escape the boundaries of mere classrooms, and engage in meaningful conversation with the scientific community, across the world, through our several in house FDPs, Conferences, held every semester.

ABOUT THE DEPARTMENT

The Department of Chemistry was established in the year 1959, as an integral part of the RECW. The department housed 18 highly reputed faculty members, 60 research scholars and 101 M.Sc. students. It offers chemistry courses to all engineering branches and two years M.Sc. Chemistry with specialization in Organic and Analytical Chemistry. It has been conducting cutting-edge research in contemporary topics of organic, Inorganic, Physical and Analytical Chemistry. In the department, various state-of-the-art facilities such as 400 MHz NMR, HRMS, gas chromatography, HPLC, FTIR, UV-vis-NIR, fluorescence, electrochemical workstation, computational chemistry software, etc. are available. So far, it has received several extramural research projects worth Rs ~11 crores, Recently receiving FIST grants of worth 1.67 crores. In addition, the department is actively involved in science popularization among school children via Inspire programme and society. So far, the department produced 130 PhD students and published over 950 research articles in various well-reputed international and national journals.

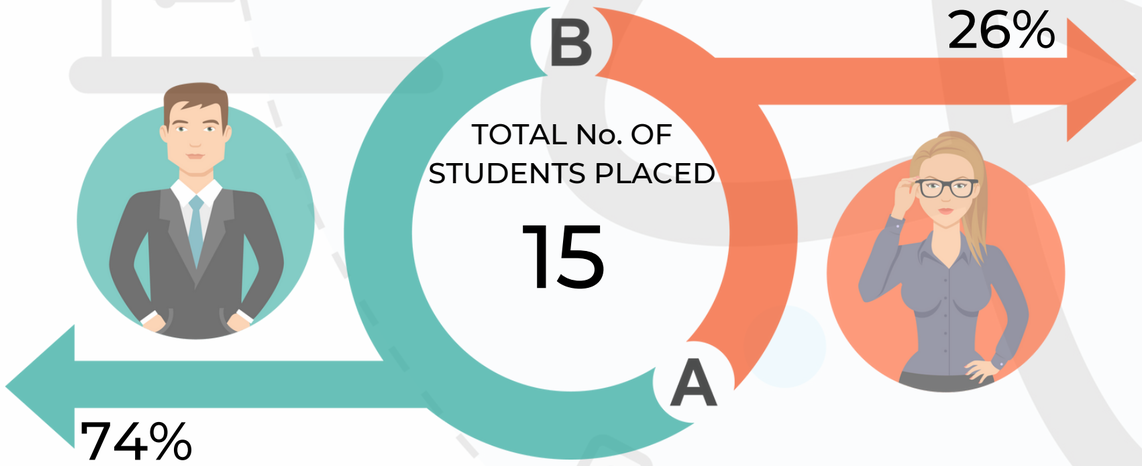
M.Sc. Physics

OUR PLACEMENT ASSOCIATES

(Ghanender Chauhan, Pritam Halder)



ABOUT THE DEPARTMENT

The department started a three year M.Sc. (Tech) programme in 1970 in Engineering Physics with five specializations namely Applied and Modern optics, Transistor circuit analysis and Design, Microwaves, Material sciences and Ionosphere science, with a clause, that at a given time only two specializations to be offered . Presently department offers a three year M.Sc. (Tech) programme in Engineering Physics with specializations Electronics, Photonics, and Instrumentation. It is proud to say that the M.Sc. (Tech) Engineering Physics-Industry Oriented Course is well received by the industry and R&D establishments.Department of Physics is well known for its research and development activities. Every year, the faculty of the department are awarded with different projects from various funding agencies like DST, BRNS, DAE etc.

ABOUT THE DEPARTMENT

The Master of Business Administration department, known as School of Management offers Masters, doctoral programs and research, training, consultancy and outreach activities on various specializations as Marketing, Finance, Human Resource, Operations and Information Technology. Started in the year 2000, it has produced quality-oriented post graduates that are successfully contributing in the business world. It is a 2-year course with dual specializations and detailed syllabus oriented towards management skills and theories. Students with B- Tech background go through National level management entrance as CAT and MAT exam to get in to this programme. The course offers Quarter system with 8- quarters that helps in continuous improvement and growing of extra academical sides through various club activities based on trending Business industries. High engagement of Faculties with the students have helped the students getting in reputed big firms.

CCPD TIMES

ఈనాడు, వరంగల్: వరంగల్ ఎన్ఐటీ విద్యార్థులు ఉద్యోగాల సాధనలో సత్తా చాటారు. 2022-23 సంవత్సరం ప్రాంగణ నియామకాల ప్రక్రియ ముగియగా గతంలో ఎన్నడూ లేనంతగా అత్యధికంగా కొలువులు దక్కించుకున్నారు. మొత్తం 1,326 మంది ఉద్యోగాలు సాధించారు. ఈసారి నియామకాలకు 253 కంపెనీలు వరుస కట్టగా అందులో 40 శాతానికిపైగా కొత్తవే ఉన్నాయి. దిల్లీకి చెందిన కంప్యూటర్ సైన్స్ ఇంజినీరింగ్ విద్యార్థి ఆదిత్య సింగ్ అత్యధికంగా రూ.88 లక్షల వార్షిక వేతనంతో ఎంపికయ్యారు. ఒక్కో విద్యార్థికి సగటున రూ.17.29 లక్షల వార్షిక ప్యాకేజీ దక్కింది. 30 మంది విద్యార్థులు రూ.50 లక్షలకుపైగా వార్షిక వేతనాన్ని పొందనున్నారు. 55 మందికి రూ.40 లక్షలకుపైగా, 190 మందికి రూ.30 లక్షలకుపైగా అందుకోనున్నారు. 408 మంది విద్యార్థులకు రూ.20 లక్షలకుపైగా లభించింది. ప్రభుత్వ రంగ సంస్థల్లో 50 మందికిపైగా ఎంపికయ్యారు. 2021-22 విద్యా సంవత్సరంలో 1132 మంది విద్యార్థులు ప్రాంగణ నియామకాలకు ఎంపికయ్యారు. సంస్థలో విద్యా ప్రమాణాలు, పరిశోధనల నాణ్యత పెరగడం వల్లే ఈసారి అత్యధిక మందికి కొలువులు దక్కాయని నిట్ సంచాలకుడు ఆచార్య ఎన్.వి.రమణారావు తెలిపారు.

'వెసువియస్'తో నిట్ ఒప్పందం

Ability of NIT students in campus placements

• Highest package of Rs.88 lakhs

Today, Warangal: Warangal

NIT students are getting attractive packages in campus placements. Surprising with unexpected wages. Students of computer science department are receiving the highest package.

In the current campus recruitment, a student named Adityasingh has been selected for the job with an annual salary of Rs.88 lakhs. This is the highest in the history of NIT. A Bengaluru-based software company selected him. Aditya's hometown is Faridabad in Delhi, where his father is a lawyer and his mother is a teacher. Highest annual package at NIIT last year: Rs.62.5 lakhs.

Aditya Singh Sufian Sourav

More than thousand students were selected for jobs with good packages. Sancha Lakudu Acharya NV said that this time more people are achieving goals. Ramana Rao said.

* This year Sushit, another student from Computer Science department, got Rs. 75 lakhs. Sufian of the same branch Rs. 62.75 lakh package was achieved. Saurav, a student in EEE department, was selected for a package of Rs.51 lakhs.

Warangal: Surpassing the number of campus placements made in the academic year 2021-22, 1,340 students successfully landed jobs through campus placement drives held at the National Institute of Technology (NIT), Warangal.

According to the Centre for Career Planning and Development of the NITW, a total of 253 companies visited the campus for placements including 11 Public Sector Undertakings (PSUs) and recruited 1,340 students surpassing the last academic year's number (1132).

In addition, 408 students received internship offers from various reputed organisations. More than 50 students were placed in the PSUs. The highest package offered this year is Rs.88 lakh per annum CTC, while the average and median package offered is Rs.17.29 lakh per annum CTC and Rs 16 lakh per annum CTC respectively.

Even in times of recession, the placement season witnessed an overwhelming response from recruiters, with more than 40 percent of total companies visiting the campus for the first time. More than 30 students have grabbed job offers with a CTC of more than Rs.50 lakh per annum and over 400 students being offered a CTC of more than Rs.20 lakh per annum, said Director NV Ramana Rao.
